

Edelmann

Edelmann USA, Inc.

STATEMENT OF COMMITMENT TO FSC & SFI COC PROGRAMS

Edelmann USA, Inc. is committed to the implementation and maintenance of the chain-of-custody standards of the Forestry Stewardship Council (FSC) and the Sustainable Forestry Initiative (SFI) in our facility.

These programs assure our customers that products we manufacture, bearing the FSC or SFI trademarks, are made from materials from independently audited, sustainable sources. Our certification to these standards and commitment to these programs have been undertaken voluntarily by Edelmann USA, Inc. as we believe in the values promoted by them and the importance of those values to our customers.

We further commit to full compliance by conducting periodic reviews of our material handling processes from receipt to invoice, conducting regular product/process training for our sales and support staff and through full cooperation during annual independent audits.

Our chain-of-custody processes will remain transparent and will be reviewed periodically by Edelmann USA's management to ensure compliance with FSC and SFI's standards.
